

Flooring Solutions

2014

Omnia offer a number of unique, durable solutions to your flooring needs. The Omnia flooring range provides lightweight internal and external solutions for a number of applications including;

- ▶ **Dry-freight**
- ▶ **Decking**
- ▶ **Ramps**
- ▶ **Temporary**
- ▶ **Floors**
- ▶ **Pit covers**

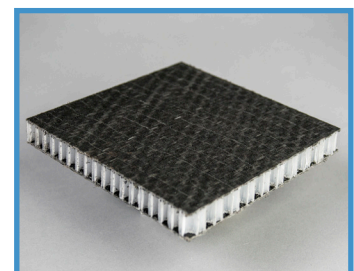

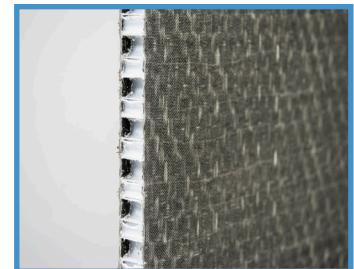

Scaffodeck

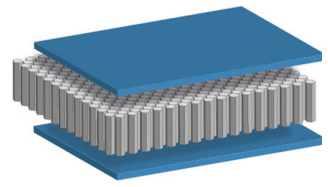

The Omnia scaffodeck panel is made from recyclable fibre-reinforced skins, thermally fused to the polypropylene honeycomb core like the Omnia fused panel. Manufactured in black, it has an impregnated, anti-slip surface originally developed for the construction industry. Ideal for carrier/pedestrian applications, the scaffodeck panel is weldable and forms part of the Omnia welded patented assembly technique.

Main Features:

- **Suitable for thermoplastic welding technology**
- **High Strength and Impact resilient**
- **Low weight at 4.3 kg/m²**
- **22mm / maximum width: 2440mm**
- **Impregnated anti-slip surface**
- **No delamination**

OmniTec Flooring Solutions

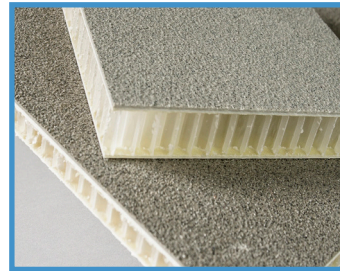

2014

The OmniTec Light Floor (25mm) panel weighs just 6kg/m². Available as a one-piece solution, this panel is extremely suitable for pedestrian applications where a durable anti-slip finish is necessary. This provides a suitable health and safety lightweight solution without any compromise in strength.

Main Features:

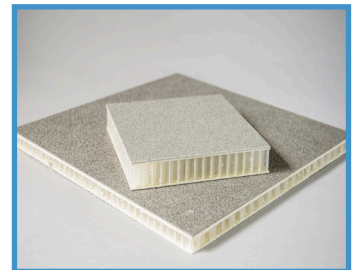

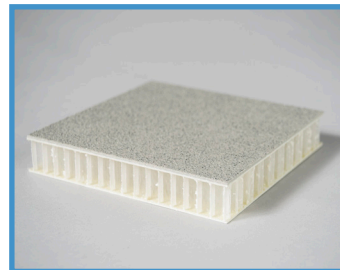

- **Low weight at 6 kg/m²**
- **High Strength and Impact resilient**
- **Anti-slip surface**
- **No delamination**
- **Available as a one-piece solution**
- **High quality, visually attractive finish**

OmniTec Heavy Duty (HD)

The OmniTec Heavy Duty panel (25mm) weighs 9.5kg/m² providing a high strength product whilst remaining lightweight. The additional 2mm thickness of surface coating spreads the load further over the honeycomb and therefore allows pallet trucks to be used.

- **Lightweight: at just over 6kg/ m²**
- **High Strength and Impact resilient**
- **Ideal for strength if welding is not required**
- **One-Piece solution**
- **Anti-slip surface**
- **Attractive finish**
- **Pallet truck compatible**
